Date: June 9, 2004

CLOSURE EXTENDED DUE TO CEMENT SHORTAGE

CALTRANS TO TEMPORARILY CLOSE NORTHBOUND ON/OFF-RAMPS AT HODGE ROAD FOR I-15 CONSTRUCTION

BARSTOW– The California Department of Transportation (Caltrans) will close the northbound Hodge Road off-ramp on Interstate 15 for 60 days beginning midnight Sunday, June 6, 2004. **The northbound Hodge Road on-ramp will be closed until midnight, Tuesday, June 22, 2004.** The closures were originally to take place in May 2004 and have been rescheduled.

These closures are necessary to reconstruct the mainline freeway adjacent to the ramps to accommodate the northbound I-15 widening from Victorville to Barstow.

- ◆ The detour for the northbound Hodge Road off-ramp is to go south on I-15 to the Outlet Center Drive off-ramp; exit and turn left and proceed to the southbound Outlet Center Drive on-ramp. Enter southbound I-15 and continue to the southbound Hodge Road off-ramp.
- ◆ The detour for the northbound Hodge Road on-ramp is to proceed west on Hodge Road to the southbound I-15 on-ramp, turn left and enter the freeway. Exit at the Wild Wash Road off-ramp, turn left onto the northbound Wild Wash Road on-ramp to northbound I-15.

Your patience is appreciated during this construction project. Keep alert, pay attention and watch out for irresponsible drivers when entering a highway work zone. Please slow for the cone zone.
